Regions Still Unexplored.

The mighty mass of the Himalayas, the loftiest of all mountains, "the roof of the world," has not been penetrated to its center. No man has yet approached nearer than a hundred miles from the foot of Mount Everest, which lifts its snowy head five miles and a half above sea level. There are lofty valleys among the Himalayas of whose existence and whose inhabitants only traditions are known.

HINSDALE, N. H.

Lawn Party a Great Success.

The members of St. Joseph's parish held their annual lawn party Wednesday evening and as usual this gathering proved to be the most popular and successful outdoor event of the season, both socially and financially. The society was favored by one of the most delightful moonlight evenings of the present summer, and this, together with the wide reputation this lawn party enjoys, brought out one of the largest crowds ever seen on the grounds, a large number coming from the surrounding towns. The women served a bountiful supper in the basement of the church from 5:30 to 8, which consisted of baked beans and brown bread, cold meats, salads, rolls, pie, cake, cheese, pickles and coffee.

After the supper the scene of activity changed to the brilliantly illuminated lawn on Prospect street, where booths were arranged for the sale of ice-cream, candy, lemonade, pop-corn, aprons and fancy articles. The fish pond was a huge attraction for the children, while the young men were particularly interested in throwing balls at the dolls. The open air platform where four hours of dancing was enjoyed was the most popular part of the grounds after the early hours of the evening, and Lyman's orchestra was never heard to better advantage outdoors.

The continued success of these annual lawn parties reflect great credit upon the members of the parish and especially those upon whose shoulders the work falls heaviest.

James O'Brien was chairman of this year's general committee and he was aided by M. D. White, F. J. Young, J. P. McCaughren and J. A. Bergeron. Mrs. Thomas Smith had charge of the supper, ably assisted by several other women of the parish.
